ADVANCED TECHNOLOGY

SUPERIOR PERFORMANCE

It's common for Stone Coated Roof Tiles to look similar when new. Yet over time, Decra® tiles outperform other brands and keep their vibrant colour. This is due to the quality of raw materials used in the manufacture of Genuine Decra® and the advanced technology employed during production

MAKE SURE IT'S GENUINE DECRA®

Check the back of the tile for the Decra® logo

FEATURES & BENEFITS

SECURITY

Secured to the 6 tiles surrounding them & two battens, Decra® tiles are secure against intruders & extreme high winds

COASTAL LIVING

Decra® roofing tiles, accessories & nails are proven to have a life span 6 to 9 times greater than galvanised roofing

LIGHTWEIGHT

At only 7kg/m², one ton of Decra® is equivalent to ten tons of clay or concrete tiles, saving considerable costs in the roof structure

WEATHER PERFORMANCE

Our tiles perform in 200kph hurricane conditions, & in an earthquake Decra® actually makes the roof structure stronger

Q.C.T.®

Only Genuine Decra® tiles feature Quantum Coating Technology, helping your roof to look newer for longer

TESTING AND INSPECTION

Every Decra® roof tile is inspected to ensure consistent quality & market leading performance

HERITAGE

We invented the steel roofing tile in 1957. No other manufacturer has as much experience as we do in delivering quality and durability

FIRE RESISTANCE

Decra® tiles are tested up to 760°C and during tests show no flames, sparks or smoke. Essential for any building

FREE 50 YEAR WARRANTY

REDUCED RAIN NOISE

The genuine Decra® stone coating softens the sound of rain so you get a good nights sleep

FAST INSTALLATION

Decra® tiles are up to 10x faster to install, making your home weather-sealed quicker & leading to further cost savings in construction

Our class leading warranty is fully transferable and considered the gold standard in the industry. Find out more & register at www.decraafrica.com
